## A' DESIGN AWARD & COMPETITION

Dear Chao Yang,

First of all, we would like to sincerely thank you for applying to become a jury member of A' Design Award & Competition. As you might already know, the A' Design Award has become the World's largest and most diffused design accolade, organized under hundred different design disciplines.

With this letter, I hereby inform you that your jury membership application has been accepted. Your name will soon be listed in our jury page and we will also send you several complementary nomination tickets that you could give to your colleagues, students, employees or friends.

We are very pleased to have you as a part of our jury panel, we believe your valuable insights and experience will contribute greatly towards the competition, making the design awards more fair, beneficial and prestigious. We are certain that your extraordinary design talent, discerning eye for design, and professional achievements make you extremely well qualified to perform the responsibilities of our jury panel.

With this occasion, I wish to share some insights about jury voting and jury panels. We will activate jury voting panels on April 1, 23.59 GMT+1 and the jury voting will end on April 12th, 23.59 GMT+1 i.e. you should be able to vote by April 2nd early morning till April 12th midnight.

It is good to know that jury voting panels are not yet enabled and there is nothing to do at this point except for making sure your jury profile image and description are correct. Once the jury panels are activated, we will send a new email about it.

Please we want to especially make sure that your jury photo looks good (must be a portrait image, like a bust sculpture), and that your title and institution names are correct. We would like to ask you to preview and update your jury application one

more time before we lock it for changes. You have about (3) days to update your jury application. Please preview, double-check and update your jury application:

<https://competition.adesignaward.com/jury-application-edit.php?JID=862&KEY=7f4f5e1ba9ecb69c29d08b1e496eabc12f6e2563>

Starting from April 7th we will inform the participants regarding the status of their works which were submitted to categories in which the voting has ended, award status announcements to participants will continue till April 14th and once all entries are evaluated, we will communicate the results to public on April 15th.

Finally, I wish to note that we will send any jury nomination tickets soon if we haven't send them already. You will be able to see your jury nomination tickets from this link: <https://competition.adesignaward.com/nomination-tickets.php>

Before voting entries, we also wish to remind you about the jury agreement which explains ethical aspects of jury membership as well as responsibilities. Please visit the following link to find our jury members' agreement:
