The authors regret that Eq. 6 in the article is incorrect. The term G_T should be subtracted from the quotient of $DN_{leaf,T}/DN_{WR_leaf,T}$ (not from $DN_{leaf,T}$ in the numerator). The correct equation is:

$$T_{leaf} = \left(\frac{DN_{leaf,T}}{DN_{WR_leaf,T}} - G_T \right) \frac{1}{1 - G_T} R_{WR_leaf} \quad (6)$$

The error was only in the article text and therefore did not influence the data published. The authors would like to apologise for any inconvenience caused.
